Driver registration

All drivers attending BPCC races are required to be registered with the BFPCR.

During the course of this season we hope to implement an electronic (online) registration system which will allow team managers to easily register and update their drivers' details via our website.

However until advised that this system is in place please follow the procedure below.

License numbers are no longer issued, registration is done by entering a drivers name, d.o.b., Gender and class on the race team sheet. All drivers for a team must be entered on the team sheet at each race. Drivers may be asked to confirm their d.o.b. to a race official/race controller at any reasonable time. It is the team managers' responsibility to ensure that correct details are entered and that drivers race in the correct car and class. Team sheets must be fully and correctly completed and handed in when car(s) are sent to scrutineering before the start of racing. ***Any team not submitting a team sheet will not be permitted to race until a correctly completed team sheet is handed in to Race Control.***

Please make cheques payable to "BFPCR". If necessary, use additional copies of this page.

All details given here are kept confidential and will not be passed to any other body.
